- thermal compatibility**
- performance guaranteed**

Introducing KODAK Rapid-Dry Photographic Wide-Format Media.

Turn out posters and signage faster than you can say “tradeshow graphics” with Rapid-Dry Wide-Format Media. Outstanding color density and wide color gamut give you breathtaking image quality. Innovative microporous coatings create fast dry times for instant lamination and reduced smearing. Rapid-Dry Media is compatible with pigment inks for the most popular Piezo and Thermal printers including Epson® and HP®. So make a simple choice and pick up a roll of Rapid-Dry – because there’s no time to waste.

KODAK Rapid-Dry Photographic Glossy and Satin papers are genuine resin-coated papers featuring the latest microporous inkjet coating technology. These fast-drying papers are compatible with most popular Piezo-based pigment and dye inks as well as select Thermal pigment ink sets. Rapid-Dry Media is covered by the unique Performance Guarantee for KODAK Wide-Format Inkjet Media for up to 20 years and is compatible with a wide variety of laminates.

Physical Properties

	Opacity	Gloss	Brightness	Whiteness	Caliper of Base	Basis Weight
Rapid-Dry Photographic Glossy	91	40	100	118	8 mil	200 gsm
Rapid-Dry Photographic Satin	91	14	98	114	8 mil	200 gsm
