

## Avery Dennison and Encad Performance Guarantee For ENCAD VinylJet 36 Printer

November 11, 2003

Avery Dennison™ MPI (Multi-Purpose Inkjet) materials have been developed in close partnership with Encad for the VinylJet printer. The films will deliver high-quality images across a broad range of applications. Avery Dennison guarantees that MPI materials will provide excellent print results and adhesive performance. And, Avery stands behind that guarantee on both cast and calendared products when an Avery Dennison™ DOL digital overlaminate is used to protect the graphics. Unlaminated MPI digital print materials will last up to three years for cast, one year for calendared in non-abrasive applications. For detail product and warranty information, click this link to view the [Avery VinylJet Approved Media](#). Avery Dennison media can also be ordered online a [www.corporateexpress.com](http://www.corporateexpress.com).

### Durability Statement

Product	Overlamine	Years
MPI 1005	Without	3
MPI 1005	DOL 1000/1100	4
MPI 1005	DOL 2000	2
MPI 1005	DOL 3000	1

## Saturn Banner Performance Guarantee For ENCAD VinylJet 36 Printer
